

WeProsper

GLOBAL COALITION FOR
WOMEN'S ECONOMIC EMPOWERMENT

WeProsper, a Global Coalition for Women's Economic Empowerment, invites you to join us at NGO CSW66

Launching Collective Global Action for Meaningful Change in Women's Economic Empowerment (WEE)

COVID-19 has reversed hard-fought gains in many aspects of women's economic empowerment (WEE), making now a critical time for collective action.

WeProsper is a new global coalition that has been formed to build the evidence base using a feminist and intersectional approach, address structural barriers and drive more funding and meaningful policy change.

WeProsper will be formally introduced at this event, through remarks by coalition leaders, members and partners. Coalition leaders will introduce the mission and goals of WeProsper, and a panel discussion will highlight key structural WEE issues and evidence around which WeProsper will be focusing its collective advocacy and action.

For more information on how WeProsper will approach women's economic empowerment, please join us at our parallel event at NGO CSW66.

Date:
**Thursday 17
March 2022**

Time:
**8–9:30 a.m.
EDT**
